Experience

Full Stack Developer Intern

FilipNET — Apr. 2021- Feb. 2022

- Developed frontend side of websites using technologies such as HTML, CSS, Bootstrap, JavaScript.
- Worked with PHP and MySQL to make register forms functional and also used PHPMailer library to send emails.
- Also had the opportunity to become familiar with: web design concepts, jQuery, XAMPP.

Projects

- Personal Website** – Jan. 2021 – Mar. 2021
<https://alexmanole.netlify.app/>

This is my first personal project. It's made by using HTML, CSS and a bit of Javascript. It contains relevant informations about me, my abilities and my work. This website is responsive.

- Classic Calculator** – Mar. 2021–Mar. 2021
<https://classiccalculator-alexmanole.netlify.app/>

This is my first project in which I incorporate Javascript. The user can use it to calculate basic mathematical operations such as adding number, subtracting, multiplication and dividing.

- Weather App** – Feb. 2021 – Mar. 2021
<https://weatherapp-alexmanole.netlify.app/>

Made with HTML, CSS and Javascript. This application retrieves weather information from openweather API, then parses the JSON response data and updates the HTML of the page with the retrieved weather information.

- Quiz Game** – Jul. 2021 – Aug. 2021
<https://quizgame-alexmanole.netlify.app/>

This game is made with HTML, CSS and Javascript. It contains 10 basic questions about web development. The user can use only one option and if this is wrong, the correct one will be automatically displayed. The score is displayed after the player completes all the questions.

Education

- High School: computer science**
"Cantemir-Voda" National College, Bucharest
September 2016 - June 2020
- Bachelor's degree: Facultatea de Inginerie Industriala si Robotica**
University Politehnica Bucharest, Bucharest
October 2020 - Present
